

Sipoo tourism

SIPOO
SIBBO

Sipoo

Relax and experience nature, the archipelago and the countryside. Enjoy the peace of nature in Sipoonkorpi National Park or ride through the undulating cornfields. Have a swim at the beaches or experience the archipelago aboard an RIB boat. Catch fish, play golf, throw a frisbee or go climbing in the adventure park.

Feel the medieval atmosphere of Sipoo's Old Church and immerse yourself in the unique cultural landscape that the Old Church and Sipoo's neo-Gothic church create together. Or stroll through the old buildings of the former Nikkilä mental hospital, along the paths trodden by thousands of patients.

Visit concerts, art exhibitions or unique village events. Enjoy Sipoo's café and restaurant services, atmospheric accommodations as well as hobby and experience services.

Welcome to the maritime and forested Sipoo!

Scan here
→

Sipoonkorpi

Sipoonkorpi is a national park and the most wooded forest in Finland, which offers deep wilderness, mushroom and berry fields, gently flowing rivers and birdsong only 24 kilometres from the centre of Helsinki.

On the edges of Sipoonkorpi, there are beautiful villages in the middle of traditional landscapes. You can ski, hike, bike, climb or look for geocaches and, above all, relax in the forest.

Sipoonkorpi is suitable for all ages all year round. The shortest route is the 1.4 km Byabäcken nature trail, which runs through the lush forests of Byabäcken and alongside pastures. For a true hiker, there are enough trails to hike on for several days.

Sipoonkorpi is easy to reach from all directions. There are several parking areas for those arriving by car, but the most wooded forest in Finland is also easily accessible by bicycle. In the 2024 summer season, hikers will also be served by the

Sipoonkorpi Hop-On Hop-Off bus on the weekends. The last stops are Tikkurila's travel centre and Itäkeskus.

The village of Hindsby has an entrance gate called Korvenportti, whose services will provide you with unforgettable nature experiences and a break from everyday life, both for day trips and longer stays.

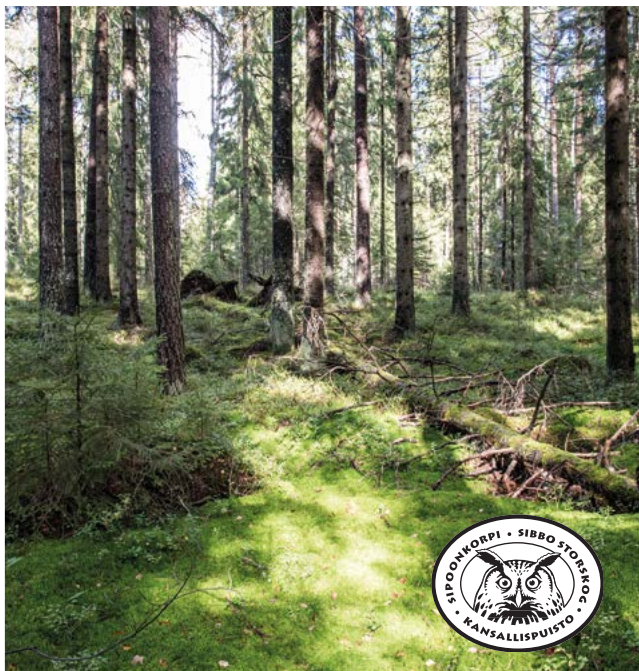

Read more on page 18.

Tip:
You can take the Hop-On Hop-Off bus to the restaurant Tila and the Sipoonjoki smoke sauna!

Archipelago

Blue glistening water, deserted windswept cliffs and delicacies from the harbour kiosk. Sipoo has a large archipelago with several recreational areas for everyone to enjoy.

Enjoy snacks by a campfire, canoe to the sandy beach on a hot day, enjoy the sun on a SUP board in the coastal waters or snare the catch of a lifetime.

Sipoo's archipelago can also be reached without a boat. You can easily get there on ferries, rental boats, rental kayaks or even jet skis.

Destinations in the archipelago

Sipoo archipelago has several outdoor recreational areas where you can find fireplaces for preparing barbecue delicacies, with dining groups and clean toilets.

Norrkullalandet

Norrkullalandet is Sipoo's archipelago's most popular excursion destination. It can be reached by free-to-board ferries, operated by Pörtö Line from the mainland to Norrkullaland up to four times a day! Enjoy the sun on several rocky and sandy beaches as well as grilling summer delicacies at barbecue sites. Walk on a nature trail to the observation tower from where you can see the entire Sipoo archipelago all the way to the open sea.

Möholmen

This popular excursion destination in Möholmen is located right next to Kalkkiranta harbour. Magnificent cliffs and sandy beaches await you.

There is plenty of space for campers, and there are wonderful views from the high cliffs. The sheltered cove is perfect for water games, even with younger children.

It is easy to land in Möholmen by small boat. You can just drag it to a sandy beach.

Photos: Suvi Suovaara

Vilstrand, Söderkullalandet

Sipoo municipality's recreational centre located closest to the mainland is easily accessible. You can get there by rowing or kayaking from Gumbostrand harbour. An overnight stay is possible not only in a tent, but also under a big canopy, which can shelter even a larger group from the rain. The tent can be set up facing the sunset on the island of Simsalö or to wake up to the first rays of the morning sun.

Östholmen

Östholmen is a destination for the whole family in the outer archipelago, where you can spend time playing either on a day trip or staying overnight in a tent. The island is a popular place for boaters.

The best way to get to Östholmen is by boat. When the weather is really good, you can also kayak along the sandy beach.

Many people think that the most beautiful sunsets can be seen in Östholmen. Tip: see the rocks on the west side!

Furuholmen

The pearl of the outer archipelago with wonderful open sea views!

Furuholmen is in a really windy place in Sipoonsekkä, but the landing site is located in a sheltered lagoon. Even with a larger boat, you can still get ashore because the water is deep enough for even sailing boats on both sides of the jetty.

Simsalö

Simsalö is one of the longest inhabited islands in the Sipoo archipelago with a significant local population centre since the Middle Ages. Simsalö has always been important as a regional centre. Today, about 20 families live on the island all year round.

Until well into the 20th century, Simsalö's role as a provider of education in southern Sipoo was paramount as children from the coast along the mainland also came to Simsalö to attend school. Simsalö has retained its importance as a regional centre to this day, even though the majority of the inhabitants are summer residents.

Seasong is the pearl of Norrkullalandet

Seasong offers year-round saunas and hot tubs, cottage accommodation, food and refreshments in its summer restaurant, rents out berths for boaters to stay overnight, and organises the best events and parties in the archipelago on Norrkullalandet. Would you like to have the best possible meeting experience in the archipelago, a short distance away from it all? Whether you are interested in a summer holiday, a winter holiday, a 'workcation', a meeting, a wedding or birthday party or just a day trip, you are warmly welcome!

www.seasong.fi | tel: +358 50 544 1872 | myynti@seasong.fi

Services of the archipelago

There is plenty to choose from in the service selection of the Sipoo archipelago. Would you like to eat delicious food on a beach terrace, enjoy a cold drink in an open-air hot tub or take a gentle sauna with a sea view? How would you like to wake up to the sounds of the sea and enjoy a refreshing morning swim on a soft sandy beach? Whether you come alone, with a loved one, as a family or with a group of friends, the Sipoo Archipelago will charm you!

Enjoy and experience

The Sipoo archipelago offers a wonderful setting for a wide range of activities. Whether you fancy a fast ride on a

speedboat, a pike-baiting session in the rushes or a sailing experience on the outer archipelago, the area's service providers offer a wide variety of activities for couples, families and work colleagues.

Enjoy the summer breeze on a SUP board in Sipoonranta, kayak from Sipoonjoki to the sea or drop by to admire handicrafts at Simalö's school. Participate in a yoga retreat on the island or book a boat ride to the archipelago on the spot with the BOUT application and grab a lunch bag. Or hire a local boat driver as a guide for the whole day and take a slightly more unusual restaurant tour by boat. The variety of services and activities on offer will crown your time in the Sipoo archipelago. So just enjoy the services and experience the Sipoo archipelago the way you like it!

Bout

Bout is a Finnish company with the aim of improving accessibility to the archipelago and making travelling on water easier. The archipelago in the Sipoo area is full of amazing destinations, and now even those without a boat have a new way to enjoy them. Booking boat rides is made easy with a user-friendly application. The service brings together the consumer and local service providers that make unforgettable experiences possible in our beautiful archipelago.

Customers do not need any boating skills or prior experience. Bout requires drivers associated with the service to have the required legal qualifications, so passengers can focus on enjoying the trip.

Culture and art

Sipoo has been inhabited since the Stone Age and has had permanent settlements since at least the 9th century. The Sipoo of the 2020s is a vibrant cultural parish, which is proud of its roots but constantly evolving. We stick to our traditions, but keep our eyes boldly on the future.

Landscape of the eastern Jokipuisto

Helsinki's large mental hospital in Sipoo was a place to which the most difficult and sick patients were transferred. Many lived in the hospital for years, some until the end of their life. The hospital stopped operating in 1999, but you can still walk around the culturally and historically valuable hospital hill among the old art nouveau buildings, on paths trodden by thousands of patients.

Please note that the area is now a residential area and the houses are people's homes. Respect the residents and do not go into private gardens or stairways. Please also leave your car parked outside the area in a public parking space. Move around the area on foot.

Culture-Sipoo

Experience Sipoo's vibrant, unique and diverse cultural life. Regionalism, music, theatre, art and various experiences are offered all year round in two languages. All sorts of unexpected things can happen!

On event weekends, you can experience how the municipality is teeming with life and there might be unexpected and entertaining events awaiting you in one of the villages.

Nikkilä mental hospital has an art gallery, an art lending library and art education organised by the Porvoo Adult Education Centre.

Art Annanolli Akatemia

offers an experiential and learning environment for art enthusiasts, creative people and working communities alike. The shiny new premises have been renovated in the old Livali lamp factory. The distinctive spaces comprise a studio, a work space available for rent, a gallery and a workshop area. At the academy, you can enjoy Experiential® art services and Creativity Workshops® for teams or work group recreation, wellness or team days.

www.annanolli.com | tel. +358 44 302 1246 | tannanolli@gmail.com | Iso Kyläntie 43, 04130 Sipoo

Churches and museums

Sipoo is an exceptional municipality in the sense that there are two magnificent churches located right next to each other in the centre of Nikkilä. The churches are only a few hundred metres apart and together they form a unique cultural landscape.

Churches in Sipoo

The Old Church of Sipoo, also known as St. Sigfrid's Church, was built in the 1450s. The medieval grey stone church is very popular as a wedding venue during the summer, and summer worship services are also held there. The designer of the church is unknown, but he is known as the so-called Master of Pernaja.

In the Old Church, you can still feel the atmosphere of the Middle Ages. The walls and vaults are decorated with paintings made with red ochre and soot in the 1400s. The church also houses the stocks from the church hall and the stool of repentance from the armoury (entrance hall), which date from the 1600s and 1700s.

The newer Sipoo Church, designed by Theodor Decker, is a mostly neo-Gothic style red brick church. It was built when the old church became too small for the growing congregation in the 1800s. The church was consecrated in 1885 and is used by both the Finnish- and Swedish-speaking congregations of Sipoo.

Old Church

Museums

Sibbesgården Local History Museum

The Sibbesgården Local History Museum is located in Gesterby, one of the oldest villages in Sipoo. The museum grounds comprise a number of old buildings that give an impression of life in Sipoo in the olden days. The museum is open to the public on the first Sundays of the summer months. An entrance fee is charged. The museum is managed by Sibbo Hembygdsförening rf.

Gesterbyntie 12, 04130 Sipoo

Museum of Agriculture

The Museum of Agriculture is located in a former granary next to Sipoo Church. The museum exhibits farming and other equipment from a time when the tractor and other machines had not yet replaced the horse. The museum opened its doors to the public in July 1983. It is open on the second Sunday of June, July and August from 13:00 to 16:00. No entrance fee. The museum is managed by Sibbo Hembygdsförening rf.

Kuninkaantie 19, 04130 Nikkilä

School Museum

The Sipoo School Museum moved to the Martinkylän koulu building in 2014. The building also houses the Sipoo opisto Adult Education Centre. The long history of the building gives a good insight into Sipoo's school culture and its development. The museum features one room furnished as an old-fashioned classroom, where visitors can do schoolwork from the old days, and a hallway with a large amount of material from different decades. Open by arrangement. An entrance fee is charged.

Cycling routes

Sipoo is a beautifully diverse municipality where the countryside enchants with its undulating landscapes. The area has two gravel trails and the first long bikepacking route in Finland and the Nordic countries: **the South by Cycle bikepacking trail**.

Sipoonkorpi is crossed by about 30 km of gravel/sand and outdoor trails, which are ideal for an overnight ride. Another 50-km-long trail starts at Söderkulla and provides a varied view of Sipoo. Most of the trail is paved, and it is sandy only in some places. The trail winds through the hilly and charming countryside and coastal roads of Sipoo. It is worth slowing down to admire the scenery.

South by Cycle is a nearly 900-kilometre-long cycling route that stretches from Kouvola all the way to Hanko – part of the route passes through Sipoo. In Sipoo, the route is also close to the Talma climbing park and Sipoonjoki smoke sauna. Sipoonkorpi has a lean-to, renovated in 2022, a cook house and a toilet right next to Fiskträsk. Ängesböle is also a nice dry-land lean-to with a particularly beautiful gravel road leading to it.

Hop-On Hop-Off bus

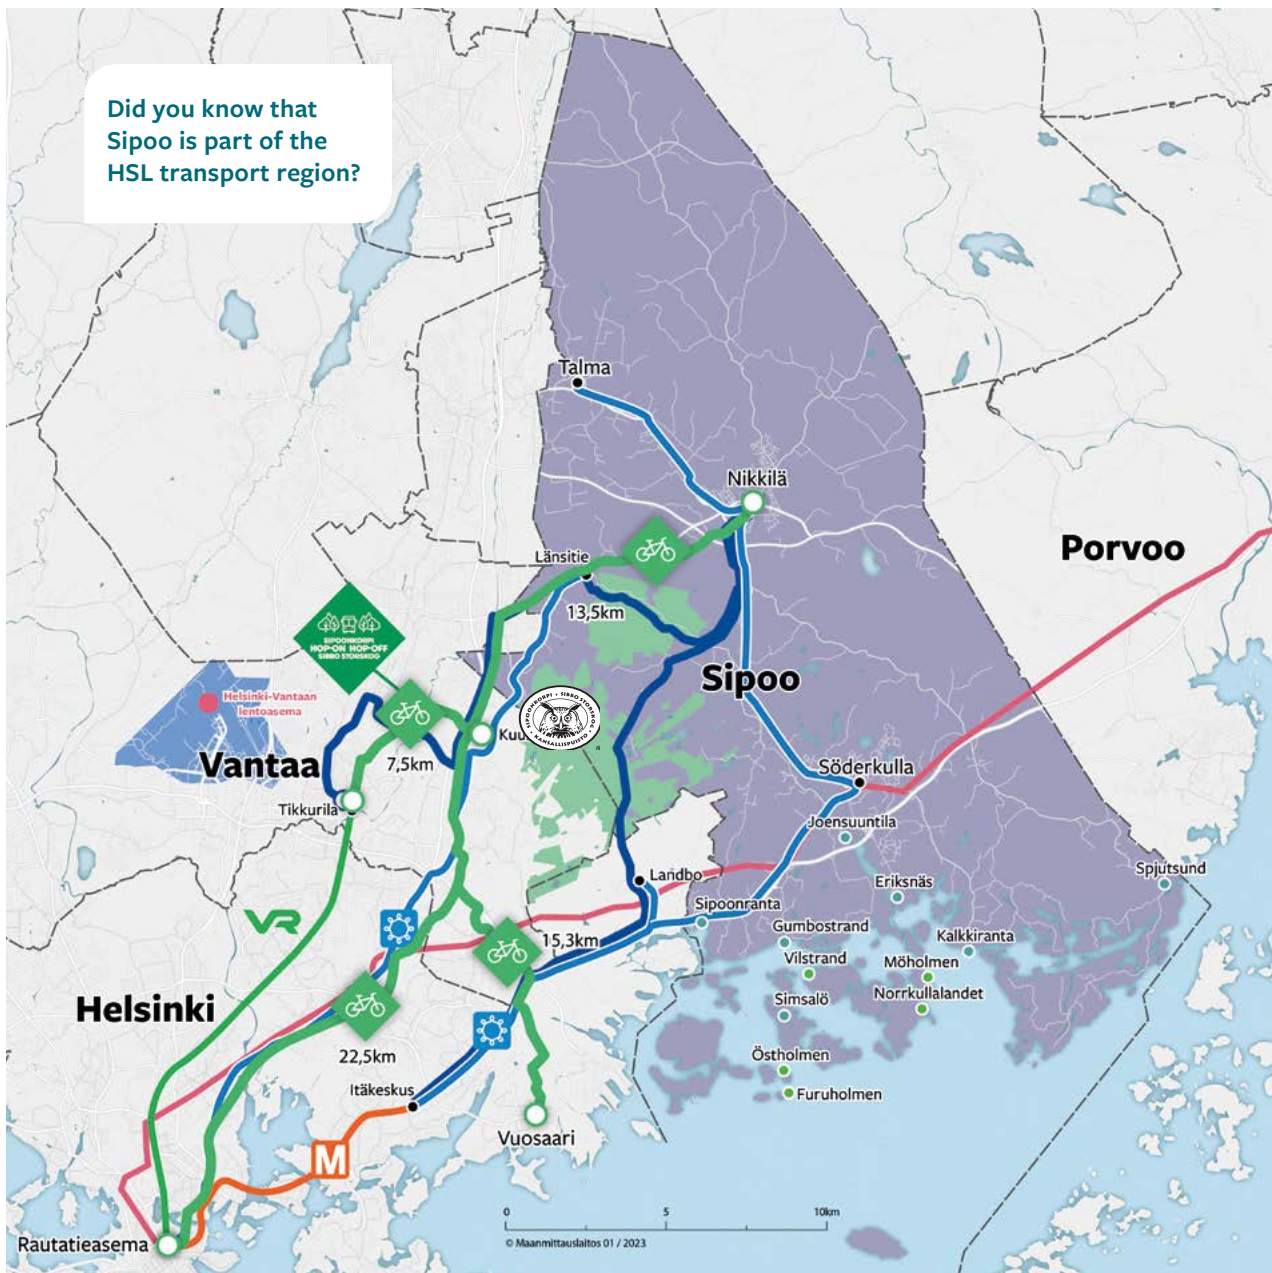

The Sipoonkorpi Hop-On Hop-Off bus will once again take hikers to nature from May to October. The bus travels around Sipoonkorpi on Saturdays and Sundays between Nikkilä, Tikkurila and Itäkeskus, stopping a total of 17 times.

Check out the renewed route and timetable. This year, the bus is not a low-floor bus, but it is still possible to hop on with a pushchair, and pushchairs and bikes are stored in the storage area of the bus. Babies must be placed in baby seats, secured to the bus seat with safety belts. A dog may be taken on board the bus. The route traffic is managed by Ventoniemi Oy. The service is provided in cooperation with the Municipality of Sipoo and the City of Vantaa.

Hop on board and enjoy Sipoonkorpi, the most wooded forest in Finland!

Did you know that
Sipoo is part of the
HSL transport region?
